SUMMARY

Aspiring Python Developer with hands-on experience in building real-time web applications using Django, REST APIs, WebSocket, and Redis. Successfully led the development of a University Bus Tracking System, showcasing strong backend skills, problem-solving, and system design. Passionate about crafting efficient, scalable solutions and eager to contribute to dynamic development teams in impactful tech roles.

EDUCATION

PP Savani University, Surat , Gujarat

Bachelor of Science (B.Sc) in Information Technology

Surat, Gujarat, India

Aug 2022 – Mar 2025

- **Relevant Courses:** Python, HTML , CSS , Mobile Application Development, Software Engineering, Web Technologies, Database Management Systems, Object-Oriented Programming

WORK EXPERIENCE

Python Intern – Enthusia Softech

Dec 2024 – Mar 2025

UNIVERSITY BUS TRACKING SYSTEM

- Developed a University Bus Tracking System using Python, Django, Django REST Framework, Redis, and WebSockets.
- Implemented real-time bus tracking with predefined routes and bus stops.
- Built role-based authentication for drivers and students.
- Integrated start/stop functionality and live WebSocket updates from Redis pub/sub.
- Stored and managed location history in SQLite3 for historical tracking and route analysis.
- Pivoted from an initial weather forecasting concept to deliver a real-world solution solving a critical campus transportation challenge.

CERTIFICATE

- Software Engineering by The Hong Kong University of Science and Technology (Coursera)

TECHNICAL SKILLS

Programming Languages:- Python, Django, Django REST Framework, HTML, CSS, JavaScript, WebSockets, REST APIs

Database & Tools:- MySQL, PostgreSQL , Redis, Git, GitHub

Technical Electives:- Project Management, Software Engineering, Structural Analysis, Robotics & Automation, OOPS, MVC Architecture

Development Platforms:- Visual Studio Code, PyCharm, Railway.app (Deployment)

LANGUAGES

English ◇ Hindi ◇ Gujarati
